

## 71-73 SEATER COACH HIRE

At JRP Direct, we operate specially designed 71–73 seater coaches, making them the perfect choice for school trips and educational travel. With up to 73 passenger seats plus an additional crew seat, two full classes can travel together on one coach.

The interior is designed with comfort and safety in mind, featuring supportive seating with 3-point seatbelts, overhead luggage racks, and full climate control to keep everyone comfortable. Beneath the coach, generous underfloor storage provides ample space for sports equipment, suitcases, and all essential trip materials.

- ✓ PROFESSIONAL UNIFORMED DRIVERS
